ery Inch of the Bates Steel Mule is Thoroughbred

The United States Government by means of the Depart. of Agriculture, has been looking into the tractor quesand its bulletins clearly proves that the satisfied tractor er-men who say that the tractor has paid-are men who the BETTER CLASS of tractors. The successful man learned years ago that he can't get something for nothing one can. The reason the BATES STEEL MULE costs more nat it is worth more. Skilled factory procedure, quality luction and the most modern Machinery enables us to save ev at every turn, yet the BATES STEEL MULE cost tly more in the beginning to build but considerably less in long run to own. It's just another case where a seemingly er priced article is far cheapest to own when you come to

The Bates thoroughbred quality comes not from mere ns. but from what's put into it. Every part that goes to up the BATES STEEL Mule is put there by long field ience. There isn't a part that isn't time-tried and tested. re isn't a part that experience hasn't dictated the shape size of; and in it all there isn't one superfluous part, nor part that isn't capable of standing up under twice the in it gets in actual use. These are things experience and etice have distracted. The BATES comes to you as a fulfil. t of your desire for a tractor that will endure. Price is t we pay for a thing. Value is what we get out of it. Con. r your tractor from what you will get out of it, consider many working days you have when the ground is well sider the operations where you cannot afford to pack your bed, and consider how constantly and economically they t be performed even in rush times, you will then see why BATES STEEL MULE is the biggest value offered in any tor on the American market today.

loucher Charge Not Proved and Not True

Grateful, Says Schwab-"Best News Have Heard," He Declares On Hearing Of Action Taken.

Washington.-With the approval of Chairman Walsh members of the House committee investigating the Shipping Board declared in a statement that they "were satisfied" after hearing all the evidence and examinter the documents that the charge that ment that they "were satisfied" after ing the documents that the charge that Charles M. Schwab received money from the Government for his personal expenses while serving as wartime di rector of the Emergency Fleet Corporation "was not proven and further that it was not true."

The statement was issued by Repregentative Steele, Democrat, Pennsylvania, after discussion with the other members who heard the testimony in New York and Washington relating to the \$260,000 voucher. Its issuance in advance of the full report of the committee on the results of its investigation was unusual, but members explained that it had been decided to break away from long-established rules on the grounds of fairness to one un-

justly accused. When the final report on the whole inquiry is submitted to Congress it was maid the committee would reiterate in more formal form its belief that the charge was without justification. Mr. Steele's statement was issue after it had been read by Chairman Walsh, who announced that he had no objection whatever to its publication.

It was explained by Mr. Steele that y in an utterance of this kind from the chairman of an investigating com mittee in advance of an official finding, but that there was urgent demand for an expression at this time, in view o Mr. Schwab's public service. Committee members were co vinced by the testimony," said Representative Connally, Democrat, Texas,

who, with Chairman Walsh and Representatives Steele and Foster, heard it that Mr. Schwab did not receive Board as compensation or assexpenses while serving as Director-General of was paid by the Shipping Board or the Emergency Fleet Corporation as a part of the cost of ships built for the United reply little short of a rebuff."

States, as intimated." The committee will continue its gen was said the voucher incident certainly, so far as it related to Mr. Schwab,
